Ranchi, June 7:Fr Francis Minj is undergoing treatment from Debuka Hospital for his left leg internal injury and blood clots. Looking at the image, some would remember the news that came in Ranchi Jesuit whatsapp group.

Fr Francis says not to worry. He is in fiber plastic support. All bones are intact. There is some internal injury. There has been some blood clot though, which is removed a second time also.

In a telephonic conversation, Francis shared that he had a fall from motorbike at Loadih on June 1, 2019 as he slowed down his bike over speed breakers just next to St. Annes Generalate another motorist barged in from behind carrying a gunny bag. His handle got entangled with the bag and he was on the road dragged a few meters. He came back to RTC Boreya Kanke thinking that nothing serious has happened. But, next day on Sunday he was not able to bend his knee. After Sunday liturgy Fr Michael took him to Debuka for the treatment. Thankfully no bone breakage!

Get well soon Francis! No fault of yours, you have to undergo this pain and suffering. Safety of oneself and others while driving is what we wish and pray while blessings of the vehicles. But, how sad very rarely drivers and motorist bother about it!
